"THE FEEDLINE"

DEADLINE NEXT ISSUE
IS Aug 11

EDITOR

Scott Duncan KK8D

Members

Starting with this issue of the Feedline, Dale NX8J, has turned over the reigns as Feedline editor to me. I will "try" to publish the Feedline monthly. I will continue to send out the email reminders of upcoming club functions as well as including a calendar in each issue of the Feedline. The size and content will be decided by the members. If you have any ham related articles, or articles you think might be of interest to the club members, send the article to me and I will include it in the next issue of the Feedline. Please send a .pdf so I can just copy and paste. The deadline for the August Feedline is August 10. Please forgive my spelling, punctuation, and grammatical errors.

Scott kk8d

Field Day 2012

Well field Day 2012 is now behind us and we can chalk up another successful Field Day. WOW, what a turn out we had for Friday afternoon setup. Stations were set up ready to go by the time we made our pizza run Friday eve. On Saturday we had time to get the UHF/VHF and GOTA stations up and running. Even took a breather before 2:00p.m. Bill N8PW worked his usual magic on the 40\15 station while the 20\80 station got off to a slow start we did make up for lost time when 80 opened up.

GOTA did quite well this year as we had a quite a few new hams and hams to be at the station most of the weekend. UHF/VHF was also on the air making contact on 6 meters and 2 meters during the weekend. We also had a satellite station on the air this year.

As usual the food was plentiful and well received by those that stopped by to see old friends or taking a break from the radios.

Wow, where do we begin to thank those that help make this years Field Day a success? We start by thanking everyone who helped setup, operate, prepare the food, help clean up/tear down or just showed up to visit old friends. If you were thereTHANK YOU

CARC officers

Field Day Photos

Dennis K8AGB

was in charge of our Welcome Center. He must have been busy taking photos of others as I have no photos of him.

FOOD

Chef Ted Armstrong K8TWA hard at work.

This is this is the only picture I have of our food operation. Maybe there is a reason.

Just saying.

On the right is a picture of our head Chef Les Myers KK8K with Tony W4OIHK1AR

Les get back in the kitchen

40\15 STATION

40\15 station

Bill N8PW

Tony W4OI

Bill N8PW

Bill what are you smoking???

Smells like a college dorm in there.

I know Tony, you had to pick up the slack at the 40\15 station.

20M CW (or sleeping)**

Satellite Station

Pam KD8MUC

Justin W8JKC

This year we made two (2) Satellite contacts. This is a first for CARC Field Day. Tks Pam for bringing the equipment and setting up and thanks Justin for helping with the setup and staying up till 3:00A.M. to make the contacts. Great Job

UHF/VHF station

Satellite antenna

UHF/VHF tower about to go up

UHF/VHF Station

UHF/VHF tower up in the air.

GOTA Station

Misc Field Day Pics

Jerry KF8EB making final adjustments on the 20\80 station. Scott W8JT look on.

W3QI 20M homebrew beam

You had to be there to understand this photo

Bud W3IQ making CW solar powered contacts for extra points

Mr. Who's who in ham radio.

OK, I give up

KK8D falls asleep listening to N8PW..... once again

Jim , best I could do. You camera shy??
